

## **IMPORTANT LEGO AND CHESS CLUB INFORMATION**

- Parents are welcome and encouraged to attend. This helps build a strong home-school connection and helps keep students engaged in building and playing. Please indicate on the permission slip if you plan on volunteering and make sure to stop by the front office.
- Personal Lego and Chess sets are a great way to enjoy Lego/Chess Club, but pieces may become lost (which is a major bummer). Please encourage your student to label their sets, keep them separate from the other sets, and to make sure to clean them up and repackage them as soon as they are finished playing.
- We have lots of Legos and Chess Sets to share.
- Due to the high numbers of participants the sessions need to be broken up by grade-level.
- To make life easy your child's Lego and Chess Club day each month is the same as their grade-level. 1st grade is on the first Monday, 2nd grade on the second Monday, 3rd on the third Monday with an All-Grade Chess Tournament on the 4th Monday of each month. Due to months with holidays, not every month will have a chess tournament and some Lego Club Dates may be skipped.
